MATTERS DISCUSSED

Issue 1 –Height Limit

- (a) Council made changes to the Plan to reflect its original intent and correct an oversight in the District Plan prior to the Plan Change
- (b) Mrs Walker supports those.
- (c) Mr Edmonds suggested a 7 m height limit as a Site Standard, calculated in the ordinary way in accordance with the District Plan, and 2 m side yard on northern boundary. Retain the geometric shape for Lot 1 (and adjust it to remove other lots). Mr Edmonds agreed to seek instructions from his client with regard to the northern boundary setback and whether the client will compromise on the 12m height limit.
- (d) Mrs Walker agrees with the suggested approach.
- (e) Council agrees with the suggested approach.

Issue 2 –Noise Rule

- (a) Council has not proposed any changes to the Plan Change. The provisions grandfather the existing noise controls from the existing zoning to protect existing residential amenity.
- b) IHG reiterates its submission. It requested that the Beach St block has the noise rules that are applicable to the operative Town Centre zone.

b) Mrs Walker is happy with the notified noise rule for the Beach St block.

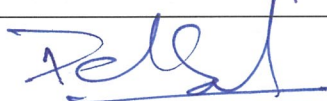

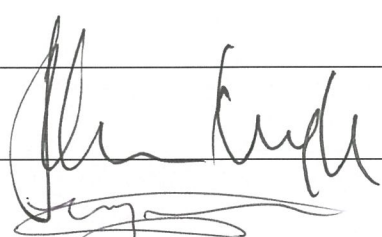

Issue 3 – Verandah

- (a) IHG reiterated its concerns about the verandah control being triggered by works elsewhere on site.
- (b) Council will recraft the rule to be triggered only by works on the Hay St and lower Shotover St (the entire northeastern boundary) frontage of the site to require a Hay St verandah.
- (c) IHG agreed with this approach.

Issue 4 - Car parking

- (a) Mrs Walker reiterated concerns around parking
- (b) It was agreed that the LV ITA provision would be extended to the Beach St block for VA, CC and commercial over 400m2
