#### APPENDIX 8: INDICATIVE PHOTOGRAPHS FROM THE BUILT PART OF JACK'S POINT.

Both photographs are taken from vacant sections adjacent to Hackett Road, being the part of Jack's Point that gains the most expansive view over the Homestead Bay area. The red NZone hangar can be seen in the mid-ground. The far shelterbelt that can be seen beyond the NZone building runs perpendicular to SH6 through the centre of requested R(HB) – C. The two small water tanks that can be seen on the brow of the verdant paddock land, with the Bayonet Peaks as a backdrop, are in the centre of the eastern (ie uphill) boundary of requested R(HB) – D. Both photographs are taken with a fixed focal length of 50mm.
