

Late Submission on the Proposed Queenstown Lakes District Plan

Queenstown Gateway (5M) Limited – Grant Road

To: Queenstown Lakes District Council

1. SUBMITTER DETAILS

Name of Submitter: Queenstown Gateway (5M) Limited (QGL)

This is a late submission on the proposed Queenstown Lakes District Plan.

QGL could not gain an advantage in trade competition through this submission. In any event, QGL is directly affected by effects of the subject matter of the submission that:

- a) Adversely affect the environment; and
- b) Do not relate to trade competition or the effects of trade competition.

2. SCOPE OF SUBMISSION

The specific aspects and provisions of the proposed District Plan that this submission relates to are:

- a) Map 33 – The rezoning of Lots 4 and 6 DP 476309 from Rural to Frankton Flats Special Zone (A). The relevant certificates of title are attached as **Appendix 1** and an annotated zoning map is attached as **Appendix 2**.
- b) Consequential changes to the other provisions arising from the rezoning of the land including:
 - (i) An amendment to the *Frankton Flats – Figure 1 – Structure Plan* to include the land within that structure plan as shown on the drawing attached as **Appendix 3**.

3. BACKGROUND

QGL owns the Five Mile retail centre located on the corner of SH6 and Grant Road. That land is zoned Frankton Flats Special Zone (A) under both the operative and proposed District Plans. In 2008, the then owners of the land entered into an agreement with Council to exchange the western

portion of the FFA zoned land for an area of Council-owned and rural zoned land to the south of the Five Mile retail centre.

Following further agreements between the parties, the exchanged FFA zoned land was subsequently developed by Council for sportsfields whilst the exchanged rural zoned land was subsequently developed by QGL as part of the Five Mile Retail centre (principally for car parking).

Despite the ownership of the land having been transferred and that it has been developed for alternatives uses, the zoning under the proposed District Plan has not been updated to reflect these changes.

It is considered that rezoning the land and granting the other relief as set out in section 4 below will:

- a) Promote the sustainable management of resources;
- b) Otherwise be consistent with Part 2 of the RMA; and
- c) Be appropriate in terms of section 32 of the RMA.

4. DECISIONS SOUGHT

QGL seeks the following relief from Council (or other relief or other consequential amendments as are considered appropriate or necessary to address the concerns set out in this submission):

- a) Map 33 - Rezone Lots 4 and 6 DP 476309 from Rural to Frankton Flats Special Zone (A) as shown on the map attached as **Appendix 2**.
- b) Make consequential changes to the other provisions arising from the rezoning of the land including:
 - (i) Amend the *Frankton Flats - Figure 1 - Structure Plan* diagram to include the land within that structure plan as shown on the drawing attached as **Appendix 3**.

QGL wishes to be heard in support of this submission.

If others make a similar submission QGL will consider presenting a joint case with them at the hearing.

5. CONSIDERATIONS IN RESPECT OF LATE SUBMISSIONS

Sections 37 and 37A of the RMA allow Council to accept late submissions, but in doing so, Council must take account of the matters set out in s 37A(1) of the Act. The following comments are made with respect to those matters:

- a) The land affected by the submission is all owned by QGL. It is not considered that there are any other parties who would be directly affected by the rezoning of the land.
- b) It is considered that the interests of the community are better served by the rezoning of the land as the rezoning as proposed will better reflect the existing, and likely future, uses of the land. By having the appropriate zoning in place, the community will have greater certainty with respect to the intended use of the land.
- c) Whilst this submission is late, it is not considered that it will cause any unreasonable delay or prejudice. This submission relates to a relatively discreet matter and the hearings on the rezoning topic have not yet been held, or even scheduled.

Date: 15 December 2016
