AND

IN THE MATTER of Hearing Stream 6:  
Residential

**SECOND MINUTE CONCERNING THE  
FRANKTON MEDIUM DENSITY RESIDENTIAL ZONE**

1. The Hearing Panel has received a Memorandum from counsel for the Otago Foundation Trust Board (submitter #408) concerning its submission in respect of the Frankton Medium Density Residential Zone. The Board sought clarification that it was not required to present evidence in October on the specific provisions relating to that zone.
2. It was the Panel's intention to defer all submissions specifically relating to the Frankton Medium Density Residential Zone until the mapping hearings in 2017. I apologise for omitting the Otago Foundation Trust Board from the list of submitters whose submissions are to be deferred and confirm its submissions specifically on this zone are deferred.
3. For completeness, I note that the New Zealand Transport Agency has further submissions in respect of many of the submissions relating to the Frankton Medium Density Residential Zone. Those are also deferred until the mapping hearings in 2017.
