

Appendix A - Relief sought

Provision (PDP decision version)	Reason for appeal	Relief sought
Planning Map 24b		
	<p>The Appellants seek that the Wicklow Tce ONF boundary be amended to align with that which was initially notified in the PDP in 2015; or in the alternative</p> <p>Amend the ONF to enclose the lowest terrace of the Clutha River only and exclude the Wicklow Tce legal road.</p> <p>Realignment of the ONF in this location is a logical outcome which will ensure that works on the legal road, and the currently modified river bank can continue to occur in the future unencumbered from ONF provisions.</p>	Amend Planning Map 24b ONF boundary as set out in this appeal
Consequential relief		
	<p>Further consequential relief to planning provisions is sought which clarifies the identification of landscape boundary lines over legal road is required. In particular, if roads are to be included in landscape classification boundaries, applicable policies / objectives / rules from the landscapes chapter should be excluded from applying to roads in Chapter 6.</p>	Amend all parts of the PDP to reflect the consequential relief as set out in this appeal.
