BECHINGTON'S ARROWTOWN 1872

14.1

Zone Purpose

Town centres provide a focus for community life, retail, entertainment, business and services. They provide a vital function for serving the needs of residents, and as key destinations for visitors to our District, and provide a diverse range of visitor accommodation and visitor-related businesses. High visitor flows significantly contribute to the vibrancy and economic viability of the centres.

Arrowtown's special heritage character attracts those visiting the District, and the Town Centre provides business and retailing for local residents at a boutique scale. The centre will serve a growing resident population and visitor numbers, and will continue to be a focal point for community activities and amenities. Its compact form enables people to access the Town Centre on foot. Links and pathways facilitate the movement of pedestrians, adding interest for visitors exploring the centre, and complementing the town's character
